SFT AsseTracko Features

SFT AsseTracko is an end-to-end asset management platform that provides organizations with complete control of their assets—from acquisition and allocation to maintenance and disposal.

With real-time tracking, automated workflows, and compliance-ready reporting, AsseTracko ensures maximum **asset efficiency, cost optimization, and operational transparency**.

Asset Inventory Management ❯	**Asset Allocation & Surrender** ❯	**Maintenance & Verification** ❯	**Leasing & Disposal** ❯
Purchase & Budget Control ❯	**E-Ticketing System** ❯	**Reports & Analytics** ❯	**Security & Compliance** ❯

Asset Inventory Management

Track Every Asset, Every Time

Maintain a centralized, real-time asset register with complete lifecycle visibility.

- ✅ Centralized asset registry
- ✅ Barcode/QR code support
- ✅ Real-time status updates
- ✅ Warranty and service tracking
- ✅ Complete lifecycle history

Asset Allocation & Surrender
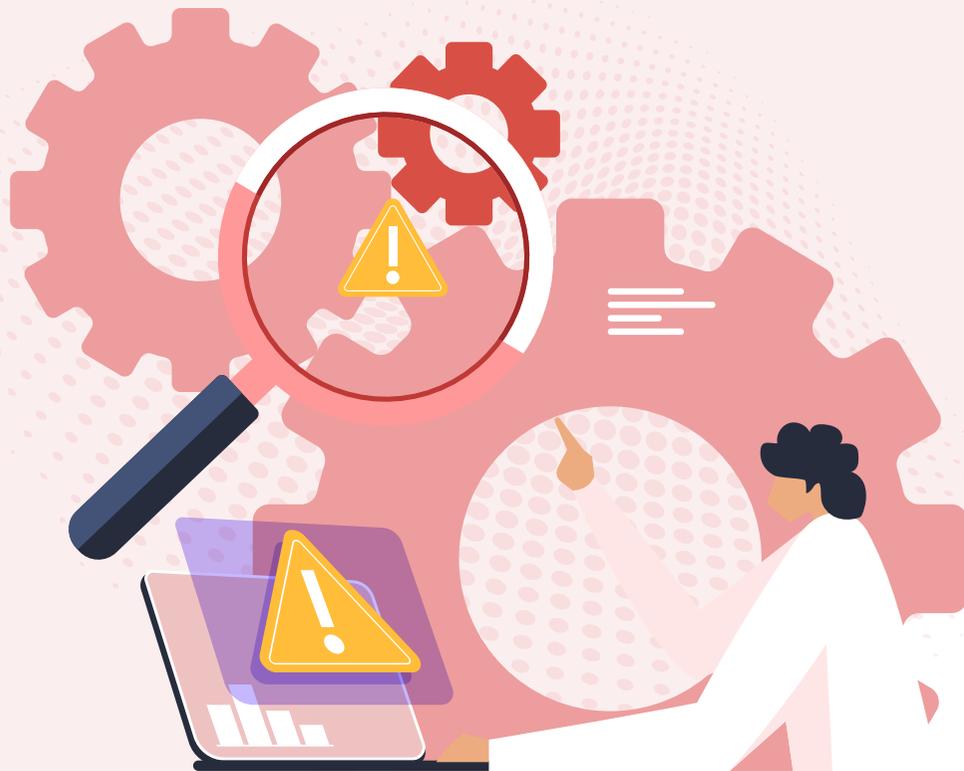

Assign Smart, Track Better

Allocate assets efficiently and monitor returns with accurate documentation.

- ✅ Employee/department allocation
- ✅ Digital allocation records
- ✅ Asset surrender tracking
- ✅ Automated return reminders
- ✅ Compliance-ready documentation

Maintenance & Verification

Prevent Downtime, Ensure Accuracy

Schedule maintenance and conduct systematic audits for operational efficiency.
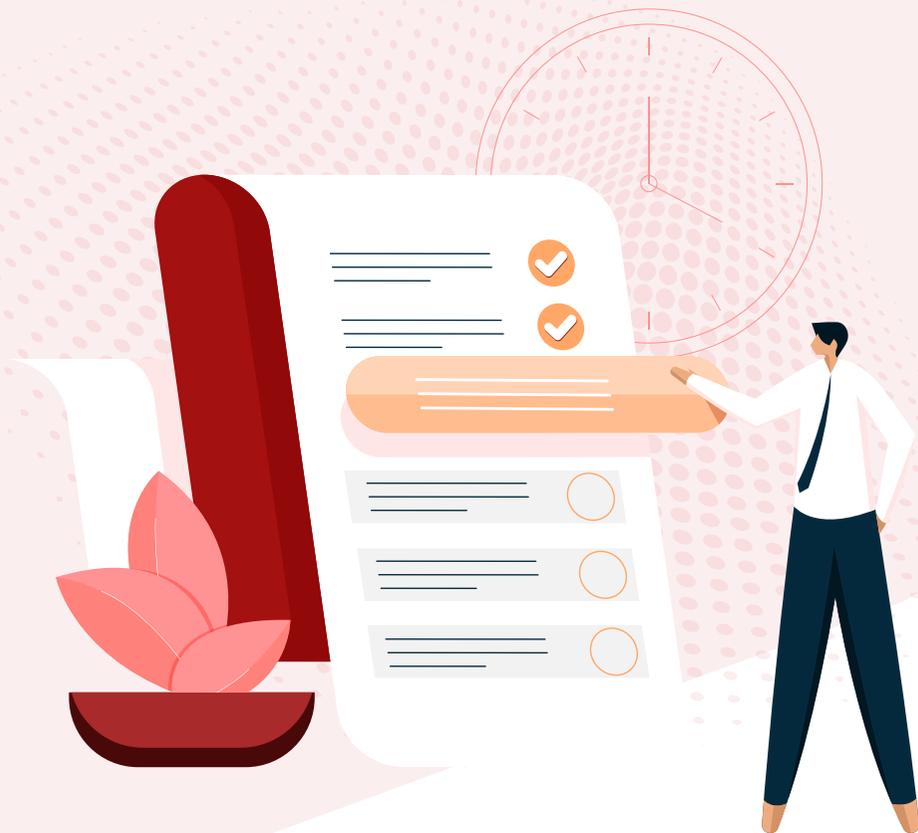

- ✅ Preventive maintenance scheduling
- ✅ Corrective maintenance tracking
- ✅ Maintenance history logs
- ✅ Physical verification cycles
- ✅ Audit-ready reports

Leasing & Disposal

Manage Leases, Handle End-of-Life

Control leased assets and streamline disposal workflows.

- ✅ Lease agreement tracking
- ✅ Expiry alerts and renewals
- ✅ Structured disposal workflows
- ✅ Lost/damaged asset reporting
- ✅ Compliance with disposal policies

Purchase & Budget Control

Smarter Spending, Greater Control

Optimize procurement and enforce budget accountability.

- ✅ RFQ generation and vendor comparison
- ✅ Automated quotation evaluation
- ✅ Purchase order creation
- ✅ Budget allocation and approvals
- ✅ Invoice and payment tracking

E-Ticketing System

Resolve Issues Faster

Automate ticketing for asset-related problems with smart routing.

✅ Ticket creation linked to assets

✅ SLA-based routing and assignment

✅ Escalation matrix for critical issues

✅ Real-time ticket status tracking

✅ User confirmation before closure

Reports & Analytics

Insights That Drive Decisions

Access powerful dashboards and reports for complete visibility.

- ✓ Real-time dashboards
- ✓ Depreciation and aging reports
- ✓ Location-wise and user-wise reports
- ✓ Lifecycle analytics
- ✓ Vendor performance analysis

Security & Compliance

Secure, Compliant, Audit-Ready

Protect data and ensure adherence to regulatory standards.

- ✅ Role-based access control
- ✅ Digital documentation for audits
- ✅ Compliance tracking
- ✅ Secure data encryption
- ✅ Multi-level authorization

6 Reasons Why Smart Businesses Choose Robust Asset Management

Maximized Efficiency

Keep tools, equipment, and infrastructure operational and accessible to boost productivity and ensure business continuity.

Budget Accountability

Gain full control over spending—track costs in real time, enforce approvals, and maintain transparent financial reports.

Lifecycle Tracking

Monitor every asset from acquisition to retirement, automate depreciation, and schedule timely renewals.

Streamlined Operations

Simplify requisitions, speed up allocations, and eliminate delays with automated workflows and instant visibility.

Compliance Made Easy

Stay audit-ready with accurate records, maintenance logs, and digital documentation for regulatory standards.

Cost Optimization

Reduce unnecessary purchases, identify underutilized assets, and extend lifespans to maximize ROI.

CONNECT TO THE FUTURE

" The implementation of the asset tracking software has significantly improved our operational transparency. We can now monitor equipment movement in real-time, reduce losses, and improve accountability across departments. The interface is intuitive and the support team has been exceptional. "

Maria Henderson,

Operations Manager, Verto Group, Germany

Comprehensive Suite of **Features** under a Single Roof

✅ End-to-end asset lifecycle management from acquisition to disposal

✅ Integrated procurement, maintenance, and ticketing in one platform

✅ Real-time dashboards and compliance-ready reporting for smarter decisions

SFT WAREHOUSE PRODUCTS

Everything Your Business Needs

SFT Warehouse brings all your essential business apps under one roof. Designed for efficiency, built with privacy in mind, and ready to scale with your growth.

SFT Construct

Your foundation for building smarter, faster, and more scalable digital solutions. Construct equips your team with the right frameworks and integrations.

SFT DOX
